## Document Management & Workflow Automation

Digitally Archive and Retrieve Documents in Seconds

### Webinar

Now more than ever, we have understood the importance of remote, secure instant access. In this time of immediate access, are you still using paper for all of your solutions? Get a new level of efficiency and productivity and set the new pace for your business! We invite you to join Miken Technologies for a webinar on DocuWare's proven solutions to satisfy your business requirements.

- A secure, cloud-based centralized database houses your documents with top-of-the-line data backups and redundancies; ensure disaster recovery and business continuity.
- Employees at multiple offices, home, or on the road can work on and share information using any mobile device; be readily available to answer and process all requests and transactions.

**Tuesday, Feb. 9, 2021**

**11AM - 12PM**

### Meet Our Guest

**Shamarr Fonville**  
DocuWare Regional Manager
